Llyn Paris, Llanberis. There are two local lakes at Llanberis, St. Padarn and St. Peter, and two lakes named after them—Llyn Padarn some and a half miles long; and Llyn Peter, the smaller and far more beautiful one, over whose dam of Bur water Bodidrean Castle looks. The lake is very deep and used to be famous for fish, but the date-herry's trees in 1891 spoiling its beauty and productivity.
